DELEGAZIONE DI BRUXELLES

eurosportello
del veneto

L'Europa alla portata della vostra impresa

PARTNER DESCRIPTION

Unioncamere del Veneto (UCV) represents the seven Chambers of Commerce of the Veneto region and hosts Eurosportello Veneto (www.eurosportelloveneto.it) – an information and assistance office that provides services to its business community (around 51.000 companies).

UCV has hosted, since 2000, the Euro Info Center (EIC IT 378), gaining experience in informing, advising, and assisting businesses on EU issues. This experience has allowed the establishment, within the organization, of an **EU Policy Department which coordinates, since 2007, the Enterprise Europe Network – Friend Europe Consortium**: this is the largest network of contact points among those providing information and advice to EU companies on EU matters, with a particular focus on small and medium enterprises (SMEs). UCV is currently a candidate for the role of Coordinator of the EEN - Friend Europe Consortium for the 2015-2020 period. As a member of the EEN, the tasks of UCV are: to provide information and training on legislation, European policies and programmes; to promote actions for the economic and social development of the Region in collaboration with the Regional Government, associations and other stakeholders; to monitor the activities of the economic situation and the trends of the labour market through its **think tank “Centro Studi”**; to assist SMEs in relation to EU financing opportunities and project idea development; to organize B2B events between foreign and local delegations, economic missions, international fairs.

Furthermore, **UCV is the regional help-desk of APRE** (the Agency for the Promotion of Research in Europe), which is the Italian contact point for Horizon 2020.

UCV has a strong experience in managing and planning EU projects. Hereunder some *exemplum* of Project in which UCV was involved:

Duration (From-to)	Name of the Project (acronym and/or full title)	Programme of Community Initiative	Total grant	Role (e.g. Leader, Partner)	Website	Actions of the Project
